Product	Component	Summary	ID
Retain	Administration - Schedules, Profiles, Workers, Jobs	Data expiration for date delivered to mail server not working	RET-2699
Retain	Auditing	ENH - Auditing of admin changes	RET-998
Retain	Auditing	Inaccurate entry in the Audit logs	RET-5019
Retain	Auditing	Add localized strings for additional auditing entries	RET-4840
Retain	Auditing	Auditing search does not show any message for info column for removed auditing options	RET-5102
Retain	Auditing	Action column for aduit search does not give complete information	RET-5169
Retain	Auditing	Few auditing options are enabled in Auditing UI evenif they are not enabled in server config	RET-5183
Retain	Auditing	Auditing actions keeps on overlapping outside the box in Auditing UI	RET-5248
Retain	Authentication	Integrate with KeyShield SSO	RET-2697
Retain	Database Driver - MySQL	Getting Deadlock error in Retain while Migrating messages using M+	RET-5123
Retain	Deletion Manager	changing date scope does not work	RET-5418
Retain	Deletion Manager	When maintenance interrupts a deletion job while "deleting nodes", it does not restart the deletion job afterwards $\frac{1}{2} \int_{-\infty}^{\infty} \frac{1}{2} \left( \frac{1}{2} \int$	RET-5129
Retain	Device Management	Error trying to re-register a device	RET-5347
Retain	Indexer - Embedded	Add back in support for "does not contain words" to advanced search	RET-4763
Retain	Indexer - Embedded	CLONE - Getting huge mapped file on windows when doing a regex search	RET-5156
Retain	Indexer - Embedded	Should not be able to add a Search Option in Advance Search with blank field	RET-2933
Retain	Indexer - Embedded	No results returned using "equals" operator with a string containing space.	RET-5391
Retain	Indexer - Embedded	No search results immediately after migration	RET-5402
Retain	Indexer Mig - Lucene to	Index migration stops on looping message item	RET-5367
Retain	Installer - Linux	Modify upgrade and migration options in installer	RET-3748
Retain	Installer - Linux	Conditionally increase Xmx and MaxMetaspaceSize in Linux installer for new installs and upgrades	RET-5310
Retain	Installer - Linux	Add support for Apache 2.4.16 in Express installer	RET-4853
Retain	Installer - Linux	Eliminate redundant "-xx : CreateMinidumpOnCrash" entries in j2ee	RET-5162
Retain	Installer - Linux	Add support for Apache 2.4.16 in installer	RET-5289
Retain	Installer - Linux	Add support for MySQL on SLES12 and SLES12 SP1	RET-5459
Retain	Installer - Linux	Modify file rights for Tomcat on SLES12 and SLES12 SP1	RET-5476
Retain	Installer - Linux	Minimum memory checking in Installer	RET-4912
Retain	Installer - Linux, Reporting and Monitoring	Reporting & Monitoring changes for Oracle DB	RET-5262
Retain	Installer - Windows	Conditionally increase Xmx and MaxMetaspaceSize in Windows installer for new installs and upgrades	RET-5312
Retain	Installer - Windows	Java installer continues after Java download fails rather than producing a fatal error	RET-5184
Retain	Integration - GW WebAccess	Add support of TLS to the Retain plugin for GroupWise Webaccess	RET-2095
Retain	Integration - GW Win32 Client	French localization missing	RET-1652

Product	Component	Summary	ID
Retain	Integration - GW Win32 Client	"Unable to write to" error on startup of GW Client	RET-4045
Retain	Integration - GW Win32 Client	Revised installation for GW Client Plugin	RET-5135
Retain	Integration - GW Win32 Client	Unable to start GroupWise Client when Retain Archive Plugin is installed	RET-3937
Retain	Integration - GW Win32 Client	Fixed language detection for "Open Retain Archive" icon and "About Retain Plugin" menu items	RET-4412
Retain	Integration - GW Win32 Client	Installer problem with non-English Windows	RET-1628
Retain	Integration - Outlook II	Added missing translation for "Limit the number of search result"	RET-5009
Retain	Integration - Outlook II	When search with attachment name in Quick Search or easy Search, Outlook crashed	RET-5362
Retain	Integration - Outlook II	Added missing translation for "Download Settings" window	RET-5363
Retain	Integration - Outlook II	"Exact" operator is not returning right results with "File name" parameter in advance search	RET-5394
Retain	Integration - Outlook II	In advance search, not able to search with subject field and exact operator	RET-5435
Retain	Integration - Outlook II	Installer changes for Outlook 2016	RET-5295
Retain	Integration - Outlook II	Installation fails on Windows 7	RET-5352
Retain	Integration - Outlook II	Validate URL and credentials at save	RET-5392
Retain	Integration - Outlook II	Installation fails on Windows 7, 64-bit	RET-5425
Retain	Integration - Outlook II	German Version: Timeframe issue	RET-5170
Retain	Message Router	Device List not showing up - deviceid not a string	RET-5439
Retain	Message Router	Add logging for router login attempts	RET-5302
Retain	Message Router	Items sent to the router with REST are not shown in the count	RET-5339
Retain	Message Router	Require authentication for Message Router page	RET-5090
Retain	Module - BlackBerry	BB Job will not run unless address book caching has been configured and synced	RET-5062
Retain	Module - BlackBerry	Archive Chat Messages for BBM Desktop App	RET-5204
Retain	Module - BlackBerry	Inconsistency between Search and Browse tabs for BBM	RET-2811
Retain	Module - BlackBerry	Getting duplicate group messages once a device is put back into the system for BBM Protected	RET-4413
Retain	Module - BlackBerry	Add ability to archive only BBM protected messages	RET-5095
Retain	Module - Exchange	"Archive Mark" on message item prevents subsequent attempt to archive	RET-4301
Retain	Module - Exchange	Error archiving attachments from Exchange 2016	RET-5287
Retain	Module - Exchange	Unable to delete archived messages from journaling mailbox	RET-5462
Retain	Module - Exchange	Read timeout error while archiving journal mailbox	RET-5467
Retain	Module - Exchange	Read timeout error while archiving external Exchange server	RET-5512

Product	Component	Summary	ID
Retain	Module - Exchange	Slow entering of Exchange mailboxes	RET-4886
Retain	Module - Google Apps	OpenID connect tab requires strings translation and add the missing string	
Retain	Module - Google Apps	Add support for two-factor authentication	RET-3704
Retain	Module - GroupWise	LDAP login not working for GW 2014	RET-5393
Retain	Module - Mobile	Change support for Android OS version	RET-5221
Retain	Module - Office 365 Enterprise	Errors in Worker log about Voice Message folder when not enabled in profile	RET-4711
Retain	Module - SecureLine	Unable to locate SMS log	RET-5488
Retain	Module - Social Networking	Add localization string for LinkedIn Search folder name	RET-5457
Retain	Reporting and Monitoring	Monitoring page is slow to load	RET-5309
Retain	Reporting and Monitoring	Correction in DE translation for Reporting and Monitoring	RET-4084
Retain	Reporting and Monitoring	Unable to close the message while upload the bootstrap file for R&M	RET-4828
Retain	Reporting and Monitoring	Add localization string for Export audit table report	RET-4841
Retain	Reporting and Monitoring	Log failure login attempts	RET-4843
Retain	Reporting and Monitoring	Indicate minimum poll interval	RET-5122
Retain	Reporting and Monitoring	The Memory Map graph at System Dashboard shows the "Infinity" value for Java	RET-5128
Retain	Reporting and Monitoring	Add new auditing options to Export audit table report	RET-5166
Retain	Reporting and Monitoring	Action parameter for Export Audit table report is not getting updated	RET-5201
Retain	Reporting and Monitoring	RET-5166 Action column for Audit user activity report does not give complete information	RET-5215
Retain	Reporting and Monitoring	for Server utilization report threads should be in numbers	RET-5314
Retain	Reporting and Monitoring	warning message for LONG LIVED Transaction may lead to deadlock shows up in Stats Logs	RET-5315
Retain	Reporting and Monitoring	Poll configuration range does not work as per the set interval	RET-5353
Retain	Reporting and Monitoring	catalina.out log is full of this error com.gwava.cfg.dao.RetainConfigDataAccessException:	RET-5413
Retain	Reporting and Monitoring	reports are not getting scheduled if recipient email address is more than one	RET-5416
Retain	Reporting and Monitoring	getting errors in the logs while ending job in the maintenance tab	RET-5419
Retain	Reporting and Monitoring	Reporting & Monitoring Server job report is not displaying the message details, only the error	RET-2843
Retain	Reporting and Monitoring	Jobs removed from the Server's jobs list still display in the R&M jobs list even after synching the jobs cache	RET-4758
Retain	Reporting and Monitoring	JobStatusTracker error: Unable to send request to server. Unable to parse header.	RET-4762
